Service and advice

1. **Solidarity makes us a strong partner**

You are right at home with us – this is our motto here at the Krones company health insurance fund. Our outstanding services and personal care are reserved exclusively for Krones Group employees and their families. As an exclusive company health insurance fund with approx. 21,000 insured persons, we are not open to the general market.

2. **We are simply closer, and we think that personal contact is really important**

The immediate vicinity to our insureds is a central criterion in favour of quality. It allows us to provide our members with services that are specifically tailored to their requirements, because as a traditional company health insurance fund, we are familiar with the needs and circumstances of our fellow workers. For over 30 years now, we have been meeting the challenges with experienced know-how and deliver a level of services which sets the benchmark for other statutory health insurance companies.

Personal contact is often indispensable. With our offices in Neutraubling and Nittenau, along with the consultation days at all other plants, we are present in person on site and also advise you during your working hours. You can also contact us by telephone or e-mail as well, of course.

3. **Krones BKK Service App**

Do you want to communicate quickly, comfortably and safely with the Krones BKK? Facilitate your daily routine with our Krones BKK Service APP. The APP offers many additional advantages:

You can, for instance, manage your personal data or submit invoices and monitor their application status.

Contribution rates and preferential benefits programmes

4. **“Health Care Plus” bonus model**

Health awareness among our members is worth cash in the hand to us. Up to 100 euros in cash or a € 300 allowance for additional healthcare services (optical aids, homoeopathic and herbal medicinal products, as well as services not covered by standard health insurance) are available for members who are serious about improving their health and taking advantage of illness prevention offers. Your children can also use the bonus booklet and receive a monetary reward of 50 euros or an up to € 150 credit for future healthcare services. This underlines our commitment to helping you maintain and improve your quality of life in the best possible way.

5. **Preferential contribution rate**

Become a member and you too can take advantage of our preferential contribution rate of 15.5 % (14.6 % general contribution + 0.9 % individual additional premium). This puts us 0.8% below the average supplementary premium of 1.7%, thus saving you real money.

6. **Affordable supplementary health insurance**

Services and benefits

7. **Osteopathy**

This is a method of treatment involving the use of the hands for diagnosis and healing. Manual therapy is used to activate the body's self-healing powers with a view to healing dysfunctions in the body. We cover costs up to a maximum of € 300 per year (80% of the treatment costs, with a maximum of € 50.00 per session for a maximum of 6 sessions per calendar year).

8. **Professional dental cleaning**

Professional dental cleaning means the intensive cleaning of the teeth using special instruments, with the objective of removing all types of plaque and stains on the surface of the teeth which are illness-inducing or cosmetically unattractive. This is an effective means of preventing tooth decay and periodontitis and also for helping teeth to look more attractive at the same time. We cover the costs of one professional dental cleaning visit (prophylaxis) per year, up to a maximum of € 40. (any dentist of your choice nationwide).

9. **Travel vaccinations**

We pay the full costs of a vaccination required for travel purposes.

10. **200 EURO prevention budget (courses and health & fitness breaks)**

Insured persons are eligible for an allowance of up to 200 euros per year for high-quality courses on nutrition, physical activity, relaxation/stress reduction and dealing with addiction or a health & fitness break in the context of a prevention travel.

11. **Back treatment programme with quality guarantee**

Back pain has become endemic. The following back pain centres provide highly successful treatment for chronic back pain. We contribute to the costs of your programme for building up a strong back. (RFZ in Regensburg, FPZ Rückenstudio EXAKTaktiv in Rosenheim, Seidon in Flensburg)

12. **Exclusive additional benefits – MORE service, prevention and quality**

Prevention and treatment in the workplace: e.g. vaccinations and check-ups with the company doctor, physical therapy, action days, lectures

13. **Pregnancy and children - additional services**

Midwife on-call service	→ up to € 250, birth in a birthing centre
“Strong Kids” campaign	→ additional health checks for children
Orthodontic treatment	→ retainer as an additional service
